

tracks\_get

```
graph LR; A[tracks_get] --> B[vlc.libvlc_media_tracks_get]
```

A diagram showing a mapping from a function name to its implementation. On the left, a gray rectangular box contains the text 'tracks\_get'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'vlc.libvlc\_media\_tracks\_get'.
