

video\_get\_title\_description

```
graph LR; A[video_get_title_description] --> B[vlc.libvlc_video_get_title_description]
```

A diagram showing a mapping from a generic function name to a specific VLC implementation. On the left, a gray rectangular box contains the text 'video\_get\_title\_description'. A blue arrow points from the right side of this box to the right side of another rectangular box on the right. This second box is white with a black border and contains the text 'vlc.libvlc\_video\_get\_title\_description'.
