

get_fullscreen

```
graph LR; A[get_fullscreen] --> B[vlc.libvlc_get_fullscreen]
```

A diagram showing a mapping from a function name to its implementation. On the left, a gray rectangular box contains the text 'get_fullscreen'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'vlc.libvlc_get_fullscreen'.

vlc.libvlc_get_fullscreen
