

audio_set_volume_callback

```
graph LR; A[audio_set_volume_callback] --> B[vlc.libvlc_audio_set_volume_callback]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray fill and a black border, containing the text 'audio_set_volume_callback'. The right box has a white fill and a black border, containing the text 'vlc.libvlc_audio_set_volume_callback' on two lines.
